

## High Time

Been waitin'  
For a time like this  
That could push every button  
And end with a kiss  
Waitin'  
For a long time  
Haven't we all

Been playin'  
Kinda hard for this  
Prayin' every mornin'  
It's high time this 'll  
Be the right time  
For a long time  
Haven't we all

High time  
I have been tryin'  
For high times  
Pie-in-the-skyin'  
Dreamin' up easy ways  
To come up  
With better days  
It's high time  
High time  
High time

Been layin'  
Kinda low for this  
Fingers in my pockets  
'Til I know that this  
Is the right time  
For a lone time  
Haven't we all

Been stayin'  
Hangin' on for this  
Workin' every mornin'  
Gettin' up so this 'll  
Be the right time  
For a long time  
Haven't we all

High time  
I have been cryin'  
For high times  
Tryin' and tryin'  
Dreamin' up easy ways  
To come up  
With better days  
It's high time  
High time  
High time

Been prayin'  
High and low for this  
Payin' as I go  
So I know that this time  
Is my time  
For a long long time  
-Maybe the rest of time-  
-No I'm not lyin'-  
High time  
For a long time  
Haven't we all

High time  
Aren't we all tryin'  
For high times  
Pie-in-the-skyin'  
Dreamin' up better ways  
To come up  
With brighter days  
It's High time  
High time  
High time
