

How do...

How do I thank you
For the moment we met
So many memories
We won't forget

What's the location
I write on this card
Where loving was easy
And leaving was hard

Who to leave word with
Where do I –
 Drop a line
What is the best way
When's the best time

Just a note,
A reminder,
A few words
Of gratitude
Just to say
I remember
What's so good
About you

How do I thank you
For the part that we shared
The laughter that lifted
The times we were scared

What's the location
I can put on this card
Where love arrived easy
And leaving came hard

How should I put this
Feeling I feel
Far past familiar
Better than real
I will carry a picture
Of the essence of you
So I'll always remember
The wonderfulness
That's you

In some other language
There may be a way
To show much more clearly
Or not have to say
Perhaps some old symbol
Or gesture could do
More than I've managed
To convey
To you

Oh, how I value
Your gift to my life
Treasure forever
Our brief –
 Passing by

Wherever you are when
This message comes through
Believe me,
The leaving wasn't easy
The loving was true

Leaving wasn't easy
Loving was
True
