

## It Was Me

When I ran out  
Of excuses  
Found out  
What I couldn't see  
From the high hopes  
To what's-the-uses  
Found out  
What just had to be

It wasn't someone  
Or something else  
It wasn't you  
It was me  
It wasn't someone  
Or anything else  
It wasn't you  
It was me

When I hit doubt  
And confusion  
Reached out  
For a remedy  
In a whisper  
A voice of reason  
Called out  
The answer to me

It wasn't someone  
Or something else  
It wasn't you  
It was me  
It wasn't someone  
Or anything else  
It wasn't you  
It was me

This is no apology  
No finger aimed to blame  
Wanting you to know I see  
My life will never  
Be the same

Been a tough fight  
Beyond endurance  
Knocked out  
Blind injuries  
Through the long night  
The morning's promise  
Shined out  
Like lightning to me

It wasn't someone  
Or something else  
It wasn't you  
It was me  
It wasn't someone  
Or anything else  
It wasn't you  
It wasn't you  
It wasn't you  
It  
Was  
Me
