

## La Da Dee

Don't kiss me good-bye yet  
Don't wave me away  
I'm not gonna die yet  
Think I'm gonna stay

Don't write me off right now  
Don't put me in past  
I'm starting to know how  
Life loves it to last.

So,  
For the pleasure of my company  
I will strive to please myself  
And the people who may gather 'round  
Just to see who ends up—  
-- Somewhere else  
Might begin to marvel when they've found  
What it means to say it's me  
Will we ever realize something else  
Will we ever let it be  
Will we ever see beyond ourself  
Even then what would we see  
La da dee da dee da Le Lo Lo  
La da dee da dee da Lu  
La da dee da dee da Le Lo Lo  
Let it be  
So sings the truth
