

## Let the Joy of the Season Ring

Merry Christmas  
Happy New Year  
Let the joy of the season ring  
Let the heart of every man be bright  
And the spirits of the children sing

There's a light for every shining star  
A song for every heart  
A holiday right where we are  
A time to let it start

Merry Christmas  
Happy New Year  
Let the joy of the season ring  
Let the heart of every man be bright  
And the spirit of the children sing

Tinsel trees and fresh-cut mistletoe  
Green and red and white  
These traditions we all know  
And celebrate  
On this special night

Repeat Chorus

Once there came an angel child  
A gift from up above  
He taught one lesson all His life  
The power of His love

Repeat Chorus

Let's awake a wish for every gift  
One for who it's to  
We will give it with a hug and kiss  
Tonight it will come true

Repeat Chorus

Stuff the stockings, sing and ring the bells  
Spread good tide with mirth and cheer  
All who gather round can surely tell  
Christmas time is here

Repeat Chorus

Repeat Chorus
