

## Looks Like It's Holiday Time

Outside it's snowing  
Our smiles are knowing  
It looks like it's holiday time again  
The holly's showing  
And hearths are glowing  
It looks like it's holiday time again

Halls are decked now  
Shoppers checked out  
Trees are brimming with lights  
Stockings hung out  
Street bells ring out  
These are without a doubt  
The holiday sights  
Yes, it looks like it's holiday time  
Tonight

Our hearts are clapping  
At gifts we're wrapping  
It looks like it's holiday time again  
There's reindeer tapping  
And children laughing  
It looks like it's holiday time again

Gather 'round now  
Hear the sounds how  
Carolers fill the night  
Dreams and wishes  
Fresh baked dishes  
Sounds and scents and Frankincense  
Holiday rights  
Yes, it seems like it's holiday time  
Tonight

With chestnuts roasting  
And grown-ups toasting  
It looks like it's holiday time again  
As sleds are coasting  
The elves are boasting  
It looks like it's holiday time again

Celebrating  
With thanks giving  
For the love in our lives  
When we wake up  
Joy will take us  
Once again with family and friends  
On holiday flights  
Oh, it feels like it's holiday time  
Tonight
