

Never Fear

No need to worry
Rush around hurried
No need
No way
No how
Needn't be bothered
You'll get yourself clobbered
Uh-uh
Nay-nay
Not now
Though the times may be messed
No use getting upset
Things have a way of working out
Know it or not
One thing you've got
Though not much to brag about
Nonetheless
You've been blessed
Not second guessed
It's me
Never fear
I'm here
.
