

Price of Freedom

Any man, woman or child
Could look you in the eye
And tell you what it takes
To hold your head up high
No matter what
No matter what the stakes
Any man, woman or child
Can look you in the eye and tell you
Tell you the price of freedom
It's always been that way

And we know the price of freedom
And each one of us will pay
To save our rights
In the precious fight
From the few
Who want to take them away

Any man, woman or child
Can look you in the eye
And tell you what it takes
To make tomorrow bright
No matter what
No matter what the breaks
Any man, woman or child
Can look you in the eye and tell you
Tell you the price of freedom
It's always been that way

We all know the price of freedom
And each one of us will pay
We'll stand and fight
For this precious right
From the few
Who want to take it away

Each one of us sings a solo of liberty
Everyone has his own say
Each one of us grows up dreaming of
Being free
Each and every day

Some have died for our right
To keep it that way
We will stand up and fight
To keep it always

Any man, woman or child
Can look you in the eye
And tell you what it takes
To turn a wrong to right
No matter what
No matter what the stakes
Any man, woman or child
Can look you in the eye and tell you
Tell you the price of freedom
It will always be that way

We know the price of freedom
Each one of us will pay
To save our rights
Through the darkest nights
We'll stand and fight
For this precious right
From the few
Who want to take it away

They'll never take it away
