

## Some Things

Some things last an eternity  
Go on forever  
On and on  
Like the love between you and me  
Our time together  
Is never gone

Some things live that you cannot see  
Grow up and never  
Need to show  
Like the friendship that you give me  
We disappear, yet  
It still is known

Some things grow like a banyan tree  
In all directions  
From the ground  
Like the places you share with me  
Now let me take you  
To one I've found

Somewhere where some things never change  
Where our affections  
Can live and breathe  
Like small children we'll laugh and sing  
Safe at home where  
We'll never leave
