

Sure Is Mighty Good

Your laughter is the same
Your eyes, in mine, remained
Sure is
Mighty good
Seeing you again

I'm glad we talked it out
A harmless little bout
Sure is
Mighty good
Having you about

Sure is
Mighty good
Sitting back beside you
Knew we could
Sure is
Mighty good
Getting back together
Hoped we would
Sure is
Mighty good

I know a lot has changed
It got a little strange
Sure is
Mighty good
Something still remained

No matter where we went
Our time apart's been spent
Sure is
Might good
Getting over it

Chorus

We're better than before
We couldn't be more sure
Sure is
Mighty good
Making us the cure

And if we fall back down
Remember what we found
Sure is
Mighty good
Seeing you
Around
