

Tell Me A Tall One

Tell me a tall one
Make me a lie
Draw down the curtains
Over my eyes

Tell me a tall one
White alibis
Make me believe some
And that I can fly

Lead me on, lover
Take me away
Be sure to cover
Tracks of the day
Keep on believin'
In what you say
I'll be behind you
Blinded in ways

Tell me a tall one
Pile it way high
Include a story
I'm sure to buy

Tell me a tall one
Towering –
 to the sky
Bigger the better
When you realize

You see it don't matter
Whatever you say
I'm gonna stay here
For now and always

Go on and make up
Your next faulty line
You'll never persuade me
My love is that blind
