

Now Is The Time

Now is the time
To believe
All those words
You've been saying
Time to relieve
All the worry
From praying
No more time
Or need to be
Afraid
Anymore
Time is up
And knocking at
Your door

Now that you know
How alone
You can be
When you
Hold on
What you perceive
Comes to be
Even more so
No more time or need to be
Anything
Anymore
Time is up
And it's knocking at
Your door

Rather than run, scream or cry
Regret, lie,
Deny and
Die
Better
Accept
With arms and eyes
Open wide
You are well on your way
To the Other Side
